

Indiana's Forgotten Middle

Middle-skill jobs, which require education beyond high school but not a four-year degree, make up the largest part of America's and Indiana's labor market. Key industries in Indiana are unable to find enough sufficiently trained workers to fill these jobs.

Jobs by Skill Level, Indiana, 2012

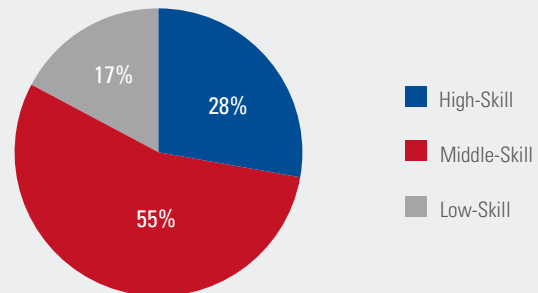

Demand for Middle-Skill Jobs is Strong
Fifty-nine percent of all jobs in 2012 were middle-skill.

Source: NSC analysis of Bureau of Labor Statistics Occupational Employment Statistics by State, May 2012.
